Senior Office Chaos Engineer | Sample CV

PARODY / NOT A REAL CV

6 ways to become the most hated programmer

A completely unserious guide to doing everything wrong at work.

01 / PAIR PROGRAMMING

Everyone loves the smell of your coffee breath and cigarettes.

Bonus points: Actually touch the monitor instead of simply saying the code line number.

02 / TEAM COMMUNICATION

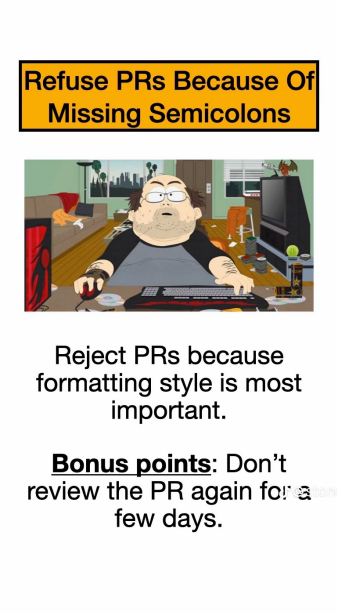

Stuck? Send “Can someone help?” in the team chat and nothing else.

Bonus points: Start direct messaging if no one replies.

More questionable qualifications

03 / CODE REVIEW

04 / DAILY STANDUPS

Final achievements

05 / OFFICE ETIQUETTE

06 / WORKSTATION SETUP
